COMMENTS:

Tony Cloud is requesting a Waiver for the late filing of his 2018 Amendment. Mr. Cloud stated that "2020 has been anything but normal". He and his wife were quarantined up until Thanksgiving week, when they decided to take a trip to visit his family. They were out of town from November 20th through November 29, 2020; and his wife had the mail held at the post office during that time. The mail was not delivered until Monday, November 30, 2020 and they received a significant amount of mail. He and his wife sorted the mail and placed a stack of envelopes on his office desk. He didn't realize the NOD was time sensitive, until he opened it on Friday, December 4. He is "confident this would not have occurred under any other circumstance or other years" (without pandemic) He would appreciate if the Ethics Board would consider waiving his \$100 late fee.

This is Mr. Cloud's first late filing and first late fee assessment.

Re: Tier 2.1 Annual Personal Financial Disclosure Statement for 2018 – Amendment St Tammany Parish
sub Drainage District 2 Late Fee Assessment - Report: PDF19004083

To Whom It May Concern:

I am respectfully requesting the late fee of \$100 be waived due to the set of circumstances that led to the late response to the Amendment request. First, I would like to state that 2020 has been anything but normal. My wife and I were quarantined up until Thanksgiving week where we decided to take a trip to visit my family. We were out of town from November 20 through November 29. My wife had the mail held at the post office during this time. The mail was not delivered until Monday November 30th. We received a significant amount of mail and my wife sorted the mail and placed a stack of envelopes on my office desk. I didn't realize I had a time sensitive letter in the stack of mail until I opened it on Friday December 4.

I am confident this would not have occurred under any other circumstance and frankly any other year. I appreciate your consideration to waive the \$100 late fee.

Best regards,

Tony Cloud
